PARCEL POST RATES

STRAWBERRIES—25 - 100 plants 25c; add 9c for each additional 100 plants. SWEET POTATOES same.

BLACKBERRIES, RASPBERRIES and BLUEBERRIES—6 plants 25c each; additional plant add 1c.

GRAPES and 3-4 yr. BLUEBERRY PLANTS allow double above rates

Please include Parcel Post with your order unless shipment is desired by Express. We will rebate any over-payment at time of shipment.

Blackberries

**Plant Them Along the Fence Line
or in That Extra Corner**

Blackberries can have a part in your plantings — along drain trenches or along the back of the lot. And blackberries can be an important fruit crop, too, if you are a market gardener or operate a roadside stand. Get ready for a bumper crop from your own plantings. Set RAYNER'S hardy plants. FULL GROWING DIRECTIONS INCLUDED WITH YOUR ORDER.

Rayner's Strawberry **TERRACE**

**Luscious Berries in a Beautiful Setting
for Your Own Lawn or Garden**

***Lots of
Juicy, Fresh
Berries
in a Small
Space***

EVERBEARING STRAWBERRY PLANTS AT THEIR VERY BEST . . .

Abundant, continuous full season production made possible with fertilizer applied and ample moisture supplied the Terrace Garden way. Terrace Garden has 6 ft. diameter and holds 75 plants planted 8" apart. 1/3 as much space required for Terrace gardening as in conventional gardening.

❖ ENJOY STRAWBERRIES SUMMER TO FROST ❖

Easy to Build

Simple erection instructions with each bed. Easy to water. Pour water with bucket into center collar or use garden hose. Water travels through sand to all roots of plants. Additional soluble fertilizer can be added to water.

75 Strawberry Plants In 6 Feet of Space

You actually have 50 feet of planting "row" on the terraces of this beautiful aluminum garden designed to harmonize with any garden or lawn arrangement. Makes a permanent strawberry bed by removing older plants each year in favor of the younger runner plants that form. Sand core carries water to all plant roots. Fertilizer can be supplied by dissolving in water.

We supply all equipment for erecting the strawberry terrace—aluminum bands, bolts, nuts, etc., with easy-to-follow instructions—plus your choice of everbearing plants.

You use your own soil, sand, fertilizer or manure. Requirements listed below:

CABOT (Early, Low Bush). Lowest of all cultivated varieties, bush seldom exceeds four feet in height. An early variety with a long fruiting season. Best in Northern States.

JUNE (Early, Fast Ripening). Liked because it fruits early and ripens entire crop quickly. Medium high bush with medium size fruit. Popular from North Carolina to Maine.

CONCORD (Early Midseason.) Medium berries ripens about 2 weeks after Cabot. Tall, vigorous, attractive bush. Sets a tremendous crop of firm fruit with good flavor.

STANLEY (Early Midseason). Tall, vigorous bush with large, thick shiny leaves. Good producer of large berries, considered best flavored of all varieties.

RANCOCAS (Midseason Beauty). Upright bush often exceeds six feet at maturity. A favorite for lawn and garden plantings because of unusual beauty. Good producer of fine flavored fruit.

**10 VARIETIES
TO SELECT FROM**

AT THESE LOW PRICES

PIONEER (Midseason). A popular, high producer in States north of New Jersey. Fruit is of medium size, dark blue and of excellent dessert quality.

JERSEY (Ideal Late Variety). Large, light-blue berries of best shipping quality. Vigorous, fine bush with excellent growth characteristics. Erect, productive, beautiful foliage.

SCAMMELL (Late Variety). A specialty with us, bush is most productive of medium, firm fruit of good flavor. Ships well and is popular for its hardiness from North Carolina northward.

RUBEL (Widely Planted Late). Bush is upright, very vigorous, hardy and productive. Medium fruit, light blue, very firm. Well liked because of its productiveness, firmness and desirable growth characteristics.

BURLINGTON (Latest Of All). Medium size berries on vigorous, upright bush. Good blue color, firm, aromatic, good dessert quality. Promising for its lateness, color and excellent shipping quality.
